

# Connecting Student Learning Outcomes to Teaching, Assessment, & Curriculum

**ALVERNO COLLEGE, Milwaukee Wisconsin**

**June 14-18, 2010**

**Three- or five-day Summer workshop for educators**

[http://www.alverno.edu/for\\_educators/week\\_long.html](http://www.alverno.edu/for_educators/week_long.html)

The Alverno College Institute for Educational Outreach has held this summer workshop for 34 years and has engaged educators from around the world. Alverno College is internationally known for student assessment and its unique ability-based curriculum in which engaged, active, experiential learning is integral to students' development. **This is a hands-on workshop in which participants may work on their own projects with the assistance of Alverno's faculty and staff.**

Participation in this workshop is accepted as an elective opportunity towards National Society for Experiential Education's Experiential (NSEE) Education Academy (EEA) certificate.
